

**MAINS INSTALLATION KIT**

Mains Installation Kit.....J110

The kit includes a fully insulated Consumer Unit (with 25 Amp RCD, one 10 Amp and one 6 Amp MCB), surface mains inlet, installation cable with clips, and two 13 Amp, white, single gang switched sockets.

**CEC CONSUMER UNIT**

CEC Consumer Unit .....J130

A fully insulated Consumer Unit with 25 Amp RCD protection and one double 10 Amp single pole, switched neutral, Miniature Circuit Breaker.

**SEMLOH CONSUMER UNIT**

Semloh Consumer Unit.....J131

A fully insulated Consumer Unit with 25 Amp RCD protection and two Miniature Circuit Breakers (one 10 Amp and one 6 Amp).

**SEMLOH DP CONSUMER UNIT**

DP Consumer Unit.....J129

A fully insulated Consumer Unit with 25 Amp RCD protection and one double pole 10 Amp Miniature Circuit Breaker.

**SINGLE POLE MCB**

6 Amp MCB (SP) .....J132  
10 Amp MCB (SP) .....J133  
16 Amp MCB (SP) .....J137

A range of Single Pole miniature circuit breakers for secure electrical protection from overload or short circuit.

**SINGLE POLE & NEUTRAL MCB**

6 Amp MCB (SP&N) .....J138  
10 Amp MCB (SP&N) .....J139  
16 Amp MCB (SP&N) .....J142

A range of Single Pole & Neutral miniature circuit breakers for secure electrical protection from overload or short circuit.

**DOUBLE POLE MCB**

6 Amp MCB (DP) .....J146  
10 Amp MCB (DP) .....J147  
16 Amp MCB (DP) .....J148

A range of Double Pole miniature circuit breakers for secure electrical protection from overload or short circuit.

**RESIDUAL CURRENT DEVICES**

Spare RCD (25 Amp).....J134  
Spare RCD (40 Amp).....J136

A range of residual current devices for detecting unbalanced current flow and preventing shocks.

**12 AMP POWER UNIT**

CEC 12 Amp Power Unit.....J120  
Semloh 12 Amp Power Unit.....J125

Lightweight and efficient Mains to 12v transformer/battery-chargers, designed specifically for Caravan and Motorhome use, with over-current, short-circuit, and reverse polarity protection.

**PLUG IN SYSTEMS POWER UNITS**

18A Power Unit .....J119  
25A Power Unit .....J118

These intelligent 3 stage chargers from Plug In Power systems are microprocessor controlled and have full over current, short circuit, fan and thermal overload protection. Both units are lightweight, efficient and easy to install.

**MUVONICS POWER UNITS**

18A Power Unit .....T134  
25A Power Unit .....T135

These 3 stage chargers provide the optimum charge for a leisure battery, through the use of intelligent multi-stage charging. Both units have full thermal, voltage and current protection, and reverse polarity/short circuit cut-off.

**5 in 1 POWER STATION**

5 in 1 Power Station.....T199

This robust Power Station does it all: 600 amp heavy duty jump start, 200w inverter, 12v power station, 260psi air compressor, and 5 LED work light, along with AC and DC charging leads to keep the internal battery at full strength.

**POWER INVERTERS**

150 Watt Inverter .....T205  
350 Watt Inverter .....T206  
800 Watt Inverter .....T207

A range of power inverters for operating 240 volt appliances from a 12v power source. All models have electronic, fully automatic thermal and over/under voltage protection, as well as built in overload/short circuit shutdown.

**RING MP75 MINI INVERTER**

Ring MP75 Mini Invertor.....C289

This portable 75w Mini Invertor fits neatly in a standard cigar socket to give 240v power on the move, with overload protection. Ideal for boost charging a range of electronic home and mobile office equipment up to 6 Amps.

**SMART BATTERY CHARGERS**

3.5A Smart Charger .....T203  
15A Smart Charger .....T204

These microprocessor controlled, smart 12v battery chargers will automatically check the battery's condition, and will adjust the charge to provide the correct current, ensuring the longest possible battery life. Both have full built in protection.

**BATTERY TRICKLE CHARGER & TESTER**

Battery Tester .....T201  
Trickle Charger .....T202

The battery/alternator tester accurately checks the charge remaining in the battery and gives an LED readout, as well as an alternator condition reading. The 0.2 Amp Automatic 12v Trickle Charger is ideal for topping up Car or Leisure batteries at a regulated constant low rate.
